

A.J.Costa attended MEDICA

A.J.Costa attended MEDICA tradeshow in Dusseldorf for the fifth year in a row.

During MEDICA 2014, international contacts were established and distributorship contracts were celebrated.

In the past few years, our attendance at MEDICA has been an important opportunity to establish new commercial relations as well as to strengthen the existing ones, thereby contributing to an increase of A.J.Costa's presence in international markets, such as Europe, North of Africa and Middle East.
